NOVEMBER KINDEGARTEN LESSON

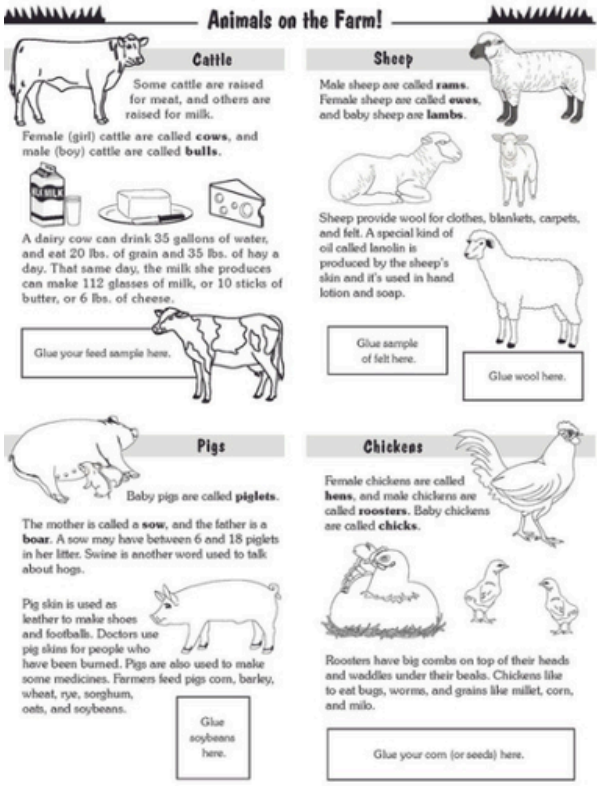

The Barn at Night Read Aloud
https://www.youtube.com/watch?v=oTr1E_1QoPU

Follow-up Questions

- Why do you think the girl and her dad are doing chores in the dark?
- What are different foods that different animals eat?
- Do you have a pet? How do you take care of a pet?

Activity: All About Farm Animals
About Books Kit is designed to give students and introduction to five farm animals and the products they provide, making it an easy, engaging way to explore animal agriculture.

Students will color, identify animals and their products, and glue real samples—wool, felt, chicken feed, soybeans, and hay—directly onto their worksheet. This hands-on experience reinforces early concepts of observation, classification, and where our food and fiber come from.

EXTENSION ACTIVITIES

- **Match It! Game:** Students will be able to identify and match mature females and baby animals of each species.
- **Farm Animal Flip Book**: PDF linked on page; scroll down for a short video on how to assemble
